

## **Day one - Monday 21.02.2022**

**The first day was very exciting. We started it from welcome ceremony and greeting our guests from Bulgaria, Greece and Italy. During the ceremony all the participants had to introduce themselves. Then there was a coffee break and everybody went on a school tour.**

**After these events, we went on a trip to Warsaw. At the very beginning, we went on a guided tour around the Old Town and its historical parts. Then we had a meal at Pizza Hut. Later we went to the Palace of Culture and science. Unfortunately, we could not get to the viewing point and admire the panorama of the city because we did not have time. After taking a photo in front of the Palace, we went back to the bus and went back to the hotel and our homes. The day was wonderful and full of excitement. Certainly, thanks to the fact that our guests were with us.**

There, with an excellent, walking aura, the Italian, Greek, Bulgarian and Polish teams went to Westerplatte and the Museum of World War II. Later we had dinner and went for a walk around the Old Town. The next point of the sightseeing tour was Gdańsk's pier. The group's attention was drawn to the port crane and the river flowing through the Old Town. It was a tiring but very exciting day!**

### **Day four – Thursday 24.03.2022**

**On Thursday, we started the day by watching presentations of every partner's country about European values and learning to program mobile applications with different European values in our IT classroom. During programming we were divided into several international groups. After creating the application, we were creating quizzes according to presentations. After the workshops we went for lunch to the Voyage pizzeria in our town. After lunch, we went for a long walk along the Bug river to Rostki Wielkie community centre where there was a traditional Polish culture event. The guests were welcomed by our headmistress with bread and salt. It is a Polish tradition. Women from "Rostkowiarki" local housewives club prepared different traditional Polish dishes like "pierogi", "baba", "bigos" and many others. Moments later, we went for a sweet treat that gave everyone a lot of energy to play football and volleyball matches. After the integration match, our local folk band "Małkianka" entertained our guests with traditional Polish folk songs. During the performance everyone was clapping, singing and dancing. After the musical experiences, all the groups went outside to enjoy warm weather and integrating activities. In the evening there was a barbecue and a cotton candy treat for everyone. That day was full of experiences and wonderful memories.**

Then all the project groups returned to school where they had Polish language workshop. Our guests had the opportunity to learn some Polish words and tongue twisters. It was a great fun for everyone! Later there was a kahoot game to check the knowledge from the visit in Poland. In the afternoon all the participants took part in the farewell meeting where everyone got the certificates and souvenirs. The Last day was very hard because we had to say goodbye to our friends from Italy, Greece and Bulgaria. We will remember this project meeting till the end of our lives.
